il Faut

EUROPEAN TOUR 2023

PRESS RELEASE

ABOUT US

Tango Il Faut started in 2010 as a guitar duo with a new fresh approach to tango music. In 2014 they recorded “Tarde de domingo” (sponsored by the National Academy of Tango) and later “Avanti” in 2017 with guests artists. In 2023 they will be releasing their most recent album: “Agitando el avispero”. An album full of energy in which Tango Milonguero and Tango Nuevo coexist.

Since 2014 they toured 6 times along Europe and the United States. The Ministry of Culture of Argentina declared them “Artists of Cultural Interest” on two occasions and the München Kultur Referat support them in their last tour 2022. In 2018, Nicolás Fernández joined in double bass, consolidating a powerful and danceable trio sound.

For the past 12 years they have had an active participation in the Buenos Aires tango music scene, highlighting milongas, festivals, TV shows, radio programs and more.
