

Domingo & Luisa, an outstanding Colombian tango couple, have consolidated their career since January 2013, creating a unique choreographic dialogue. Passionate about tango, they use this dance as their main medium to transmit life experiences in captivating shows and dance classes.

In their performances, they seek to connect with the audience by narrating stories with their bodies to the rhythm of tango, milonga and waltz. In the field of dance classes, they recognize the body as a vehicle for cognitive, social and emotional processes, offering variety from tango to rhythms such as porro, salsa, bachata and ballet.

As a dance couple, they have garnered notable recognition, being champions of the tango duo at the XV International Tango Festival Medellin in 2021 and runners-up in 2020, among other achievements nationally and internationally.

Recently, they took their art to Europe, being invited to the Tango Festival in Granada, Spain, in March 2023, with presentations in outstanding milongas in several European cities. They are currently on their second European tour, representing Colombia at the Anima Tango Festival in Torino, Italy.
